Position Available: Account Manager - Petroleum

Type of Position: Permanent Full-time

Primary Location: Calgary

General Summary

The Account Manager is responsible for the profitable and sustainable growth of the assigned sales territory through new client relationships and current account expansion. The Account Manager develops an in-depth understanding of company products, industry trends and competition, in order to provide innovative solutions to customers' chemical raw material needs or paper needs.

Major Tasks and Responsibilities

Builds New Sales Territory and Develops New Client Relationships

- Increases profitability of assigned territory by prospecting new customers and adding new business to the portfolio
- Incorporates appropriate sales techniques when cold calling and prospecting new customers, ensuring effective communication of Cambrian's brand and market position
- Secures in-person customer visits with purchasing, R&D and sales & marketing contacts at potential customers
- Submits pre-call plans to Commercial Director and Product & Sales Coordinator
- Moves prospects through the Cambrian sales process to secure new business
- Uses appropriate techniques to develop an in-depth understanding of customers' businesses, and to identify potential needs
- Prepares and delivers sales presentations and product demonstrations, where applicable
- Addresses customer questions, concerns and inquiries, with timeliness and accuracy
- Logs call information in standard format within 48 hours of customer visit

Maintains and Expands Current Account Portfolio

- Increases profitability of assigned territory by expanding product sales with existing customers
- Continually seeks to diversify product sales portfolio by initiating new projects that use existing Cambrian products or require the sourcing of new products
- Develops relationships within active accounts with multiple key contacts
- Secures in-person customer visits with purchasing, R&D and sales & marketing contacts
- Submits pre-call plans to Commercial Director and Product & Sales Coordinator
- Moves prospects through the Cambrian sales process to secure new business at existing accounts
- Prepares and delivers sales presentations and product demonstrations, where applicable
- Logs call information in standard format within 48 hours of customer visit
- Cultivates customer relations through interactions at social events, tradeshow and industry functions
- Addresses customer questions, concerns and inquiries, with timeliness and accuracy
- Reviews monthly sales reports to determine any trending with increased or decreased sales by product, and by customer
- Conducts onsite product trials

Research and Market Analysis

- Becomes an expert in end-product industry through research and networking
- Uses acquired industry knowledge to provide innovative solutions to chemical raw material or paper needs
